

THE FIRM  
FOUNDATIONS  
PARTNERSHIP

*Defeating Homelessness Together*

with

As a local, family run business we know only too well how important it is to build your life on firm foundations.

That's why we've collaborated with York Road Project to create **The Firm Foundations Partnership**, here in Woking.

Every time we sell a home, we donate a percentage of our profit to York Road Project. A local charity with 30 years of experience, York Road Project will use this funding to equip anyone experiencing homelessness with three firm foundations: a bed, a base and their backing.

This means that when you choose Foundations as your estate agent, you're not only selling *your* home; you're helping defeat homelessness.
